WHAT OUR CLIENTS SAY

Lydia Buthello

(Head of NMACC)

It's more than a decade that I know Sunil now. I have seen him grow from strength to strength. I still remember the first time I worked with him, and said this is a test phase, if we all do well we can scale this up. All he said was "I am with you and we will make this better than ever". That's the attitude he carries even till date. Humble and accommodating and above all talented. so proud of what he has achieved and accomplished. His Team and he put in so much effort, you would want him on your side.

NITA MUKESH AMBANI
CULTURAL CENTRE

Amitabh Chaturvedi

(Founder & Executive Chairman
Purple Finance)

I have known Sunil as an exemplary dancer, choreographer & producer, a super talented artist yet so down to earth, a disciplined choreographer yet who takes risks and above all a great human being. He composed the most impressive musical play depicting the 25 years of my marriage on my anniversary. He has surely left a lasting impression on us.
